

PTSP SERIES

Pig's Tail Industrial Service Plugs

The Industrial Service Plug Series help prevent rigid hoses and pipes from leaking oil and chemicals into the environment, preserve and retain costly oils and other important hydraulic fluids used during maintenance and repair. Plugs also protect machine channels from dust and debris.

- Designed for easy manual installation, without any tool requirement
- Suitable for temperatures between -26°C – +90°C
- Suitable to use in non-pressurized systems and vacuum systems

Material: Oil Resistant Rubber

Colour: Yellow
