

Lighthouse (L/H200LAMP)

Magnetic Hook LED Torch Lamp

The Lighthouse LED Torch Lamp is a compact yet powerful pocket sized double function lamp that operates as a torch or work light. This versatile lamp offers two types of light output using either a three LED spotlight providing a 10 Lumen spot beam or a bright 200 Lumen work light with a low and high output function. For added versatility the lamp also features a fold out stand, hanging hook and a magnetic back allowing the lamp to be stood, hung or attached to metal surfaces. The lamp can provide a spot beam for up to 35 hours or 9 hours on the low work light setting. Complete with 3 x AAA Alkaline Batteries.
