

Lighthouse (L/HLEDKEY) Keyring LED Torch

The Lighthouse Keyring LED Torch features a powerful LED bulb in a lightweight satin finish aluminium body, with a positive tail cap switch. The LED generates a 25 lumen ultra bright white beam of light and has a working life of over 80,000 hours. The compact size makes this torch ideal for carrying in your pocket or bag, the addition of a Carabiner style quick release hook makes it suitable for use as a keyring torch that can be attached to your car or house keys. This torch provides a powerful source of light for locating keyholes or lost items in dark places and is always close at hand. Specification Output: 25 Lumens . Bulb Life: 80,000 Hours. Input Power: 3 x LR44 Batteries (supplied).

Battery	Max. Lumen Output	Battery Supplied	Life (Hours)
LR44	25	Yes	80,000
